Re: Philadelphia Water Alert

Greetings Germantown Home Residents, Families and Friends,

As you know, the Philadelphia Water Department has released an alert regarding the spilling of latex products into the Delaware River in the vicinity of Bristol Township, PA. We wanted to let you know that the Germantown Home **will not be impacted** by this spill.

As you can see from the map below, our zip code, 19119, is in the “Green” area which **will not be impacted by the spill**. Further, Germantown Home is on the Schuylkill River water line, so at no time will we be using any water from Delaware River.

This means we are **all clear** to use the water in the facility. The facility has been supplying water to the staff and residents uninterrupted and will continue to do so. If need be, we are prepared to support our facility.

If you have any questions or concerns, please call Ruth Wheeler, Director of Nursing, at (215) 848-3306, extension 4423 or Dameica Rockingham, Nursing Home Administrator, at (215) 848-3306, extension 4298.

Thank you,

Dameica Rockingham, LNHA
